The meeting convened at 10:30 a.m. with Chairperson Hogan presiding.

The opening prayer was given by Reverend Dorn, followed by the Pledge of Allegiance.

Chairperson Hogan called on the Authority Secretary to read the meeting notice and take roll.

The Authority Secretary announced that a notice of the meeting had been distributed to the offices of the Governor of New Jersey and the Governor of Delaware, to appropriate staff members and consultants, to the press in both States and to any other individuals who had indicated an interest in receiving a copy of the meeting notice.

10157. CHAIRPERSON’S CALL FOR ACTION ON THE RESOLUTIONS BEFORE THE BOARD

RESOLUTION 10-21 AUTHORIZING EXECUTION OF A MEMORANDUM OF AMENDMENT TO THE GROUND LEASE AGREEMENT BETWEEN THE DELAWARE RIVER AND BAY AUTHORITY AND THE CITY OF MILLVILLE

WHEREAS, The Delaware River and Bay Authority (the "Authority") and the City of Millville, New Jersey (the "City"), entered into an Acquisition Agreement, dated August 1, 1999, and Ground Lease, dated October 20, 1999 (the "Ground Lease"), regarding certain property and improvements thereto located in the City, commonly known as the Millville Airport (the "Airport"); and

WHEREAS, the Ground Lease, inter alia, provided the Authority with a thirty year leasehold interest in said Airport; and

WHEREAS, following execution of the Ground Lease, the parties executed a Memorandum of Ground Lease dated October 20, 1999 ("Memorandum") which Memorandum was recorded on October 27, 1999 in Deed Book 2394 Page 286 of the Office of the Cumberland County Clerk; and

WHEREAS, in connection with the development of a motorsports park and resort by New Jersey Motorsports Park, LLC, the parties recently amended the Ground Lease to release certain parcels from the terms and conditions of said Ground Lease, to wit: (a) an approximately
WHEREAS, the parties desire to record a Memorandum of Amendment to Ground Lease to put on record the amendments made to the Ground Lease as noted above.

NOW, THEREFORE, BE IT RESOLVED, that the Executive Director, Chairman, Vice Chairman are authorized to execute and deliver, for recordation in the Cumberland County Clerk's Office, a Memorandum of Amendment to Ground Lease, after review and advice of Counsel.

After a brief discussion on the Resolution requested by Commissioner Downes, a motion to approve Resolution 10-21 was made by Commissioner Downes, seconded by Commissioner Smith, and was approved by a roll call vote of 9-0. Commissioner DeLanzo did not participate in voting due to audio problems.

WHEREAS, The Delaware River and Bay Authority (the “Authority”) adopted Resolutions 99-69, 99-70, 99-71 and 01-32 authorizing the Executive Director of the Authority or his/her designee to execute and deliver, with the advice of counsel as appropriate, certain certificates, agreements, leases and contracts as he/she may deem necessary or appropriate in connection with the operation of the Cape May County Airport, the Millville Municipal Airport, the Civil Air Terminal and Delaware Airpark, respectively; and

WHEREAS, Resolutions 99-69, 99-70, 99-71 and 01-32 did not specifically state that the Executive Director of the Authority or his/her designee is authorized to execute and deliver applications, amendments, agreements, certificates, contracts or other required documents in connection with federal, state or local grant programs and the Authority desires to authorize the Executive Director or his/her designee to execute and deliver such applications, amendments, agreements, certificates, contracts or other required documents; and

WHEREAS, the Authority also desires to authorize the Executive Director or his/her designee to execute and deliver, with the advice of counsel as appropriate, leases and other revenue generating agreements or contracts with a term of ninety (90) days or less in connection with the operation of the Cape May County Airport, the Millville Municipal Airport, the Civil Air Terminal and Delaware Airpark; and

WHEREAS, it is in the best interest of the Authority to amend Resolutions 99-69, 99-70, 99-71 and 01-32 to include such authorizations.

NOW THEREFORE BE IT RESOLVED, that Resolutions 99-69, 99-70, 99-71 and 01-32 are amended as follows:

1. Section 1(d) of Resolutions 99-69, 99-70, 99-71 and 01-32 are hereby amended by adding the following words after the word “Airport” on line 5 of Resolutions 99-69, 99-70 and 99-71 and line 4 of Resolution 01-32:

   “and applications, amendments, agreements, certificates, contracts, or other required documents in connection with any federal, state or local grant programs”

2. Resolutions 99-69, 99-70, 99-71 and 01-32 are further amended by adding a new Section 1(e) that provides:
(e) Short-Term Revenue-Generating Documents: Leases and other agreements or contracts that generate revenue for the Authority, provided such leases, agreements or contracts are for a period of ninety (90) days or less.

A motion to approve Resolution 10-22 was made by Commissioner Downs, seconded by Commissioner Dorn, and approved by a roll call vote of 9-0. Commissioner DeLanzo did not participate in voting due to audio problems.

RESOLUTION 10-23 (formerly 10-14) - ADOPTION OF THE DELAWARE RIVER AND BAY AUTHORITY’S 2010 OPERATING BUDGET

WHEREAS, Section 505 of the Trust Agreement, dated October 1, 1993, requires that The Delaware River and Bay Authority (the “Authority”) adopt a budget for fiscal year; and

WHEREAS, the proposed operating expenses for FY2010, excluding the Airports division and Economic Development Facilities are $71,639,069; and

WHEREAS, the budget includes funds for salaries and wages of Authority personnel, and materials and services for Authority activities; and

WHEREAS, for FY2010, interest on outstanding bonds is currently approximately $13,492,288, and amortization of principal will be $8,400,000 for total debt service of approximately $21,892,288; and

WHEREAS, the amount to be deposited to the credit of the Reserve Maintenance Fund with respect to Crossing Facilities shall be $175,000 per month or $2,100,000 for FY2010; and

WHEREAS, the projected revenue of the Authority for FY2010, excluding the Airports division and Economic Development facilities, is approximately $103,476,000 resulting in a debt service coverage of 1.46x; and

WHEREAS, the proposed operating budget for the Airports division is $6,177,600; and

WHEREAS, the proposed operating budget for the Economic Development facilities are $1,132,400; and

WHEREAS, the Budget and Finance Committee has conducted publicly advertised hearings and meetings on the proposed 2010 Operating Budget; and

WHEREAS, the Budget and Finance Committee has developed, reviewed, and approved the proposed 2010 Operating Budget and recommends its adoption to the Board of Commissioners.

NOW, THEREFORE, BE IT RESOLVED, that the Commission hereby adopts an operating budget of $71,639,069 for the Bridge, Ferry, Food Services, Three Forts Crossing, Police, and Administration Divisions, and a budget of $6,177,600 for the Airports division, and a budget of $1,132,400 for Economic Development facilities for a total of $78,949,069 for FY2010, and authorizes the Executive Director to exercise the approved management discretion and spend within the approved FY2010 budget.

A motion to approve Resolution 10-23 was made by Commissioner Lathem, seconded by Commissioner Smith, and approved by a roll call vote of 9-0. Commissioner DeLanzo did not participate in voting due to audio problems.

10158. EXECUTIVE DIRECTOR’S REPORT

Chairperson Hogan stated that the Executive Director was out of the office due to a personal matter and waived the reading of his report. The Executive Director’s March, 2010 report will be included in the filing of the minutes.

**Delaware Memorial Bridge**

In March, total traffic increased 4.0%, non-commercial traffic increased 4.4%, and commercial traffic increased 2.1%, compared to March 2009. When compared to the 3-year average, total March traffic decreased 1.0%. Year-to-date total traffic decreased 4.5%, non-commercial traffic decreased 4.4%, and commercial traffic decreased 5.1%, compared to the previous year. When compared to the 3-year average, year-to-date total traffic decreased 6.8%.

E-ZPass traffic for March represented 62.5% of the total overall traffic as compared to 60.5% for the previous year. Year-to-date total electronic traffic represented 62.2%, an increase of 1.7% from 2009.

**Cape May Lewes Ferry**

In March, vehicle traffic decreased 4.5%, and passenger traffic decreased 2.6% compared to March 2009. Year-to-date vehicle traffic decreased 17.8% and passenger traffic decreased 17.3% when compared to the same period in 2009. When compared to the average of the last three years, year-to-date vehicle traffic and passenger traffic decreased 30.6% and 28.8%, respectively.
In March, fare revenues increased 4.9% compared to March 2009. Year-to-date fare revenues decreased 12.7% compared to the same period last year. Compared to the 3-year average, year-to-date fare revenues have decreased 10.6%.

In March, CMLF food and beverage revenues decreased 8.6% and retail revenues decreased 11.1%, compared to March 2009. Year-to-date food and beverage revenues decreased 22.8% and retail revenues decreased 16.7%, compared to the same period in 2009. When compared to the 3-year average, year-to-date food and beverage revenues decreased 38.4% and retail revenues decreased 44.3%.

The MV Twin Capes underwent an inspection by the US Coast Guard with few deficiencies. However, efforts are underway to isolate a leaking keel cooler on this vessel. The repair is under review by the US Coast Guard and may necessitate an unscheduled trip to the shipyard.

The MV Cape Henlopen returned to Cape May following its drydock work at Caddell’s Shipyard in Staten Island, New York. The work list included replacement of the starboard rudder, realignment of the port reduction gear and port main engine, HVAC installation and interior renovations, and other upgrades.

The Freeman Highway Bridge rehabilitation project continues. However, due to continued problems with the public’s observance of traffic signals and the one-way condition, we decided to close Freeman Highway at night from 10pm until 7am in the morning. This condition will exist until late June 2010.

Airports

Secretary Wicks of the Delaware Department of Transportation (DelDOT) along with representatives from the Delaware Economic Development Office, Kent County Levy Court, Kent County Economic Development Partnership and the Authority (Commissioner Downes, Steve Williams and I) attended an informational presentation concerning the Civil Air Terminal (CAT). This presentation for the Dover Air Force Base command was led by Secretary Wicks and detailed the opportunities for cargo facilities at the CAT. The Base was receptive to the presentation and established a liaison to DelDOT for this project.

Employee Happenings

Deputy Executive Director Minor attended the Economic Development Administration Philadelphia regional office’s 2010 conference on “Building Strong Economies through Innovation, Entrepreneurship and Competitiveness”.

Mr. Pete Thomas was promoted to Director of Maintenance. Congratulations Pete. Ms. Charlotte Crowell started as Chief Human Resources Officer for the Authority. Welcome to Charlotte.

At the request of Commissioner Dorn, the Deputy Executive Director briefed the board on the April 14, 2010 Economic Development meeting with educators throughout Delaware and New Jersey. He stated that training is vital to economic development and that those that attended play a key role in preparing our workforce for the kinds of businesses we want to attract. Mr. Minor said that Commissioner Dorn attended the meeting and that it was very informative.

1. Committee Vice-Chair Traynor opened the Budget & Finance Committee meeting at approximately 9:02 a.m. The Authority Secretary reported that the public meeting of the Budget & Finance Committee had been duly noticed in accordance with the Authority’s Freedom of Information Regulations, read the Statement of Notice, and called the roll.

2. Discussion of Revised 2010 Operating Budget

The Chief Financial Officer presented and reviewed Modifications to the previous draft 2010 Operations Budget. It was reported that these changes reflect feedback from the Authority Chair resulting from discussions with the New Jersey Governor’s office, staff’s additional review of the budget, and the benefit of incorporating the actual year-end figures for FY2009 into the 2010 Budget. The following was presented.

- Community Contributions have been reduced by $268,650 to eliminate all but Delaware’s portion for 2010, which is set to phase-out in 2011. It was noted that the New Jersey Commissioners agreed to eliminate their 2010 portion of the Contributions; however, the Delaware Commissioners at this time, chose to adhere to the original agreement whereby Community Contributions would be phased out in 2011.
Advertising & Marketing was reduced by $30,000 within three areas: $17,500 funding for Google Search Tracking; Economic Development Seminars ($6,500); and the elimination of one newsletter ($6,000). The CFO reported that staff has the latitude to reallocate funds to priority areas as needed.

All Other Benefits could possibly be reduced by $80,000, which is not reflected in the attachment. It was reported that the Authority’s LTD and Life Insurance policies expired in March. The Authority’s Insurance Broker, Willis/Zutz, reached out to 11 companies for proposals with 8 responding. Staff met with Willis, who provided the results which were very positive, based on a preliminary review. Staff will require additional time to review quotes in greater detail.

E-ZPass Credit Card Fees were reduced by $75,000 due to the assumption of a July 1, 2010 Toll Increase. The modified budget assumes an October 1, 2010 Toll Increase. The Authority is still in the process of investigating the possibility of piggybacking on Delaware or New Jersey service agreements; however, the timing may not affect the FY 2010 Budget. Authority Chair Hogan questioned whether the Customer Service Center Contract would be included. The Chief Information Officer reported that she received proposals from both New Jersey and Delaware. New Jersey uses ACS as their Customer Service Center and appears to have the better proposal; however, this would not affect this year’s Budget. Commissioner Murphy added that, as there may be savings in these fees, any increase in revenue from a Toll Increase would be lost by delaying to October as well.

Vessel Dry Docking reflects a 50% increase from the previous $150,000. Staff met with CMLF personnel to determine the estimated costs. Staff also reviewed the average cost of the last 5 drydockings and $225,000 is an accurate estimate. Authority Chair Hogan added that the New Jersey Governor’s office questioned drydockings. Commissioner Downes added that the drydockings are required by the Coast Guard every five years at a minimum. The COO added that the ferries are on a 5-year drydock cycle with an intermediate drydock that can be avoided with the underwater hull inspection. The M/V Cape Henlopen, whose hull is 29 years old, is currently in drydock and is used year-round.

Insurance has been reduced by $189,776 based on actual renewals. As the vehicles are reduced, so is the corresponding insurance.

Utilities are the same.

Maintenance Contracts/Software/Data Lines has been reduced by $45,000 based on actual FY 2009 costs.

Remaining Categories reflects reductions in Travel & Meeting ($50,350), Education & Training ($25,000), and Other Minor Lines ($17,500). The CFO reported the reduction in Education & Training was in professional development. Authority Chair Hogan questioned whether any of the reductions were safety or security related and it was reported they were not touched.

The CFO reported that, with these modifications totaling $432,626, the Base Budget of $77,622,405 reflects a 1.93% increase over the FY2009 Adopted Budget and 3.95% overall.

The CFO also added that subsequent discussions with the New Jersey Authorities Unit revealed that the current Governor’s office had not seen the December FY 2010 proposal which included New Lines for Operating Equipment (less than $5,000), Salem Business Centre, and the Riverfront Market. These lines had been previously paid out of the General Fund; however, adding these New Lines to the Operating Budget had been recommended by the Budget & Finance Committee in order to provide for more transparency and accountability. After continued discussions with the Authorities Unit, there seems to be support for including these lines in the Operating Budget.

The CFO also added that discussions occurred with the New Jersey Office of Management and Budget regarding the Authority’s plan to fund OPEB at 60% of ARC. It was reported that the conversation was positive and the Office of Management and Budget understood what the Authority was trying to accomplish.
Authority Chair Hogan questioned whether staff was still obtaining appraisals on the Riverfront Market as the Board would like to investigate selling the Salem Business Centre and Riverfront Market. The Deputy Executive Director reported that staff is moving forward and the CFO questioned whether the appraisal would be for highest and best use or its current use. The Deputy ED reported that he hoped the appraisal would include both.

Commissioner Favre questioned the reduction in Marketing as it could be detrimental in marketing the CMLF. Commissioner Favre suggested the reduction could be made up through savings from partially funding vacant positions. The CFO reported that there are pros and cons to budgeting in that method noting a decrease in funding for wages this year would result in an increase in funding for the next fiscal year following in which the positions would become filled. That method would potentially mandate increases year over year. The Authority has historically chosen to budget based on the presumption that a position can only be filled if the funding is available. If a position is authorized it is funded, if it is cut the funding is eliminated. The Committee continued to discuss the reduction in Marketing. Authority Vice-Chair Green added that the FY 2010 Operations Budget should have been passed in December and today, year-to-date actual numbers have become blended with the forecasted numbers, which skews a budget that was intended to be passed in December. Commissioner Murphy questioned whether the Marketing Budget had been reviewed line by line in that she supported the Google Search campaign. The CFO reported that the marketing group could re-prioritize, and yes, he had reviewed it on that basis. Authority Chair Hogan added that the CMLF Ad Hoc Committee had not presented their recommendations and questioned did the Ad Hoc Committee have an emphasis on Marketing in their recommendations. Authority Vice-Chair Green reported that new recommendations not included in this Budget could be reconsidered at a future date.

Commissioner Dorn voiced his concern that Delaware Commissioners chose to keep their portion of Community Contributions and that for many years he has fought for parity for the State of New Jersey and this issue may open a door to other issues. Authority Chair Hogan added that during the budget discussions, the majority of the New Jersey Commissioners thought it was not worth the fight to impede progress on getting a budget adopted. He had hoped that Delaware would do the same but recognized that there was a 5-year phase-out agreement made with the previous head of the New Jersey Authorities Unit, currently the New Jersey State Controller. Committee Vice-Chair Traynor added he felt, in his opinion, it would be a problem if it jeopardized the passing of the Budget. Committee Vice-Chair Traynor requested a recess for Delaware Commissioners to caucus. The Committee recessed at 9:50.

The Committee re-convened at 10:07. Committee Vice-Chair Traynor noted that there were guests present to address the Committee. Michael Beck, Mayor of Lower Township and Kathleen McPherson, Township Manager, were introduced. The Mayor voiced his concern over the elimination of funding of the Delaware River and Bay Authority’s annual fireworks this year. Mayor Beck stressed that he understood the reasoning behind the elimination of the funding; however, due to the timing, there would not be adequate time for Lower Township to try to get sponsors or permitting on their own in time for the 4th of July. The mayor added that it was important for Lower Township’s economy and a benefit to the community. The Deputy Executive Director reported that Logan Township’s fireworks are provided by all corporate sponsors. Commissioner Favre added that Cape May’s fireworks display takes place after the DRBA’s fireworks and saves costs by using the same barge company. If the DRBA does not have fireworks, it may mean that Cape May could also not have fireworks. He further reported that there are also corporate sponsors who donate toward the costs. Authority Chair Hogan added that the Committee will consider the request and thanked the Mayor and Township Manager for attending.
Commissioner Favre requested the $30,000 be reinstated to the Advertising & Marketing Budget as it was important to the future business of the CMLF. Commissioner Favre made a motion to recommend the FY 2010 Operating Budget, subject to the revision to include the $30,000 in Advertising & Marketing, Commissioner Downes seconded and the Committee recommended approval of the FY 2010 Operating Budget. A Resolution will be presented to the full Board for consideration at the April meeting. A Budget & Finance Committee meeting may be scheduled prior to the April meeting.

3. Bid Opening CMLF-09-03 Ultra Low Sulfur Diesel Fuel

The CFO reported that an RFP for Ultra Low Sulfur Diesel Fuel had been conducted with the specification of using Oil Price Information Service (OPIS) as the index vs the Journal of Commerce (JOC). It was previously reported during staff’s investigation into hedging fuel that there could be savings by vendors using OPIS in their pricing of fuel. By changing to OPIS, the Authority appears to potentially receive a 1.4% reduction or $36,000 in savings based on a limited analysis. The Committee discussed the fixed price option differential at $0.28 per gallon for an initial 12 month period. The CFO added that the contract would need to be awarded and the option could be considered at a later date. Commissioner Favre questioned whether locking in to the fixed price would require Board action. The CFO reported that, should it be in the best interest of the Authority to lock in, it will be discussed at the Committee level; however, no Board action would be necessary. The CFO recommended awarding the contract to the lowest bidder, Pedroni Fuel Company, Vineland, New Jersey at an estimated cost comparison of $2,066,876.68 per year plus .0425 per gallon delivery charge. Commissioner Favre made a motion, Commissioner Murphy seconded and the Committee recommended approval of Contract CMLF-09-03 to Pedroni Fuel Company. The contract award will be presented to the full Board for consideration at the April meeting.

With no further business to discuss, a motion to adjourn was made by Commissioner Favre, and the Budget & Finance Committee adjourned at 10:30 a.m.

1. Committee Chair Van Sant opened the Budget & Finance Committee meeting at approximately 10:00 a.m. The Authority Secretary reported that the public meeting of the Budget & Finance Committee had been duly noticed in accordance with the Authority’s Freedom of Information Regulations, read the Statement of Notice, and called the roll.

2. Resolutions:

- 2010 Operating Budget – The Chief Financial Officer reported that, since the April 6, 2010 Budget & Finance Committee meeting and subsequent discussions with the Chair, Vice-Chair and New Jersey Governor’s Authorities Unit, additional reductions totaling $244,496 were made to the following areas of the proposed 2010 Operating Budget.
  - Community Donations reduced by $89,550, which reflects the elimination of the Delaware portion and zeros out Community Donations in its entirety one year in advance of the agreement to phase-out completely in 2011.
  - Advertising & Marketing reduced by $29,946 reflecting 0% year over year.
  - Salem Business Centre reduction of $125,000 in proposed electric costs – adjusted due to past tenant issue that has been rectified.

Regarding the addition of the three New Lines, Operating Equipment, Riverfront Market, and Salem Business Centre, at the request of the Committee, the actual 2009 costs were included for a better comparison year over year.

The CFO reported that with these modifications, the proposed FY 2010 Operating Budget of $78,949,069, is a 1.83% increase over the FY 2009 Adopted Budget and results in a projected Debt Service Coverage of 1.43x, exceeding the minimum 1.25x in the Trust Agreement. After discussion, Commissioner Murphy made a motion, Commissioner Downes seconded, and the Budget & Finance Committee unanimously recommended approval of the FY 2010 Operating Budget. The Resolution will be presented to the full Board for consideration at the Board meeting immediately following the Committee meeting.

- Over $25,000 Vendor List – The CFO reported that the proposed Resolution incorporated the previous Resolutions 10-13 and 10-20, which had been Tabled. With subsequent reviews and discussions with the New Jersey Authorities Unit, the changes to the Vendor List were reviewed, including a reduction in Vehicle Purchases through State Contract vendor Hertrich Fleet Service in the amount of $170,000. The Authority anticipates reimbursement for one police canine vehicle through the TSA.
The CFO also requested that the Budget & Finance Committee authorize a waiver of the procurement requirements of Resolution 98-31 for the purchase of Keel Coolers for the M/V Twin Capes in the amount of $80,000. Although the cost of this item is over the $50,000 threshold for public bidding, staff obtained quotes from the only two known providers, Fernstrum who manufactured the original Keel Cooler and Duramax. The Fernstrum quote was the lower of the two. The Centralized Purchasing Manager noted that if the item had to be publically bid, it would take 60-90 days before this item would come back to the Board for approval. After discussion, Commissioner Downes made a motion to waive the bidding requirements of Resolution 98-31 as related to the Keel Cooler purchase, Commissioner Murphy seconded, and the Budget & Finance Committee unanimously approved the waiver for the Keel Cooler purchase from R.W. Fernstrum & Company at an estimated cost of $80,000.

The CFO noted that the New Jersey Governor’s Office had been briefed regarding the modified Over $25,000 Vendor List and is in agreement to these changes. Commissioner Downes made a motion to recommend approval of proposed Resolution 10-24, Commissioner Murphy seconded, and the Committee unanimously recommended approval of the Over $25,000 Vendor List. The Resolution will be presented to the full Board for consideration at the Board meeting immediately following the Committee meeting.

With no further business to discuss, a motion to adjourn was made by Commissioner Van Sant, seconded by Commissioner Murphy, and the Budget & Finance Committee adjourned at 10:15 a.m.

Without objection, the reports were ordered filed with the permanent records of the Authority.

1. The Projects Committee meeting convened at approximately 11:20 a.m. Those in attendance were provided an informational package consisting of a monthly contractor payment chart (through March).

2. Resolutions: None

3. Bid Openings: None

5. Contract Payment Review (through March): The COO informed the Committee of the monthly construction contractor payments to be made in April.

6. Miscellaneous Items/Updates:

   • Freeman Highway Bridge Rehabilitation: The COO briefed the Committee on the status of the Freeman Highway Bridge rehabilitation project that is underway in Lewes. The COO reported that additional safety measures are required to protect the traveling public during the single lane operation phase of this project, which will result in additional costs. Police coverage to control traffic has been increased to provide for two police officers daily, 7 a.m. to 10 p.m., until the roadway work is completed in late June. In addition, Freeman Highway is being shut down with traffic detoured through downtown Lewes 10:00 p.m. to 7:00 a.m. daily. Total costs are estimated to be $210,000 for these increased safety items.

   • Prevailing Wage Provision: The COO briefed the Committee that the one-year trial period for the current prevailing wage policy expires in April 2010. This policy stipulates that prevailing wage requirements must be included in contract specification documents for all Authority funded projects in excess of $2 million. The COO reported that the next contracts that would be subject to this prevailing wage provision, beyond April 2010, are scheduled for fall 2010. Staff will provide the Committee with a thorough report on the Authority’s experience with the prevailing wage provision at an upcoming Committee meeting.

   • CMLF Monopile 74 Update: The COO briefed the Committee that staff has reviewed the draft study of the monopile failure in Cape May last year. This study was commissioned to determine the cause for the failure and to make recommendations for the replacement of future marine piles. The contracted engineering firm is finalizing the study report, which will be presented at the May 2010 Committee meeting.

   • Marine Master Plan Update: The COO briefed the Committee that the peer review of the CMLF Marine Master Plan, prepared by Hornblower Marine Services, has been completed. This review was completed by AMSEC, our contracted naval architect firm. The findings of this review will be presented at an upcoming Committee meeting.

7. There being no further business for the Projects Committee, the public meeting was adjourned at approximately 11:40 a.m.

Without objection, the report was ordered filed with the permanent records of the Authority.

Committee Chair Downes welcomed the Economic Development Committee and opened the meeting at approximately 10:33 a.m. The Authority Secretary reported that the public meeting of the Economic Development Committee had been duly noticed in accordance with the Authority’s Freedom of Information Regulations, read the Statement of Notice, and called the roll.

1. **Action Item:** The Deputy Executive Director reported that the two draft Resolutions being presented were for housekeeping purposes.

The Deputy Executive Director presented a draft Resolution which Amends Resolutions 99-69, 99-70, 99-71, and 01-32 by authorizing the Executive Director to execute applications, amendments, agreements, certificates, contracts or other required documents in connection with any federal, state or local grant program and to execute short-term ninety (90 day) revenue generating lease agreements. Delaware Legal Counsel added that this Resolution is the same as what was done at the New Castle Airport and provides symmetry between all of the Airports when time is of the essence. After discussion, Commissioner Traynor made a motion, Commissioner Smith seconded, and the Committee recommended approval. The Resolution will be presented to the full Board for consideration at the April meeting.
The Deputy Executive Director presented a draft Resolution which authorizes an Amendment to the Acquisition Agreement between the Delaware River and Bay Authority and the City of Millville. Michelle Griscom-Collins reported that this Resolution will allow for the official recording of the Memorandum of Amendment to Ground Lease with the Cumberland County Clerk’s Office. After discussion, Commissioner Smith made a motion, Commissioner Traynor seconded, and the Committee recommended approval. The Resolution will be presented to the full Board for consideration at the April meeting.

2. Status Reports:

The Deputy Executive Director provided an update regarding Dr. Salvatore’s Business Plan proposing a Coast Guard Museum utilizing Building 12 at the Cape May Airport. The Deputy Executive Director reported recommendation was made in conjunction with the Chief Operations Officer and the memorandum had been forwarded to all Commissioners for their review. He further reported that he received an email from Dr. Salvatore requesting a decision. The Committee discussed the recommendation and concurred; however, Commissioner Favre noted that it would be in the best interest of the Authority to notify Lower Township and Cape May County. The Deputy Executive Director reported that correspondence had been forwarded to Senator Van Drew and he had spoken to the Cape May County Administrator. Commissioner Downes added that the Authority owed Dr. Salvatore an answer and asked if the Committee had any further questions regarding the proposed recommendation. The Committee concurred and Commissioner Traynor made a motion to adopt the recommendations as presented by the Deputy Executive Director, Commissioner Smith seconded the motion and the Deputy Executive Director will notify Dr. Salvatore.

3. Miscellaneous:

Boeing Event:

The Deputy Executive Director provided an update on the logistics for the Boeing Event to be held on April 7, 2010 at the Millville Airport. He reminded everyone that security will be very tight and thanked all involved in the coordination. The Executive Director added that an internal coordination meeting had been conducted to review and finalize the planning.

News Article:

Authority Vice-Chair Green reported that there had been an article in the news regarding a potential lease at the Millville Airport. The Deputy Executive Director reported that a developer had contacted the Authority expressing interest in leasing space; however, no negotiations had occurred. The article in the newspaper was not accurate.

With no further business to discuss, a motion to adjourn was made by Commissioner Traynor, and the Economic Development Committee adjourned at 10:48 a.m.

Commissioner Downes requested an amendment to Item 2 under Status Reports. He stated that the recommendations of the Deputy Executive Director, Chief Operating Officer, and the Economic Development Committee regarding Building 12 at the Cape May Airport be added to the Economic Development minutes. The recommendations were to decline the proposal by Dr. Salvatore to create a U.S. Coast Guard museum, demolish Building 12 and preserve this prime development site for a business venture.

Without objection, the report, as amended, was ordered filed with the permanent records of the Authority.

Vincent Ascione, Local 542, spoke. He stated that he was glad the Commissioners passed the budget. He noted that working people also have budgets and hoped that they do not have to wait any longer for the budget to be accepted by the New Jersey Governor. He said that the Authority is a bi-state authority and that lots of issues do not affect New Jersey.

Chairperson Hogan stated that he fully understood. For the last two years there have been changes in the governorships in both states. Negotiations with Local 542 were tough. He said that New Jersey Governor’s Unit added David Cohen to his staff to review all contracts.

Christopher Fields, DRBA Police, representing FOP Lodge 14, spoke. He stated that he is looking forward to working with the Authority’s negotiating team.

Commissioner Dorn thanked the Delaware Commissioners for their patience during the budget approval process.

Commissioner Downes commented on the Boeing Open House. He said it was positive and he is looking forward for more positive events.

Commissioner Smith thanked the Chair and the Vice-Chair for helping to make the Authority run smoothly.

Vice-Chairperson Green stated that the Boeing Event in Millville credited the Chair and the Deputy Executive Director; but credit should also be given to Michelle Grisom-Collins for her involvement. The fact that a representative from Congressman Castle’s office was present at the opening proves that what the Authority does has a big impact regionally. He also stated that, although there were marketing changes in the budget today, when the CMLF Ad Hoc Committee releases its report, there may be recommendations to add more dollars in this area.

Chairperson Hogan stated that, building on the success of Millville, the Authority will be keeping nimble and looking for the next success. The Commissioners retreat will be in Lewes sometime in May or June. The future of the Authority will be discussed among other issues such as building a stronger team among employees and attracting people to the Authority.

There being no further business, a motion to adjourn was made by Commissioner Downes, seconded by Commissioner Van Sant and unanimously carried.

The meeting was adjourned 11:15 a.m.

Respectfully submitted,

THE DELAWARE RIVER AND BAY AUTHORITY
